Re: MB Docket No. 10-56

Dear Chairman Genachowski,

As Commissioner for Chatham County, Georgia I am writing to ask the FCC to approve the pending union of NBC Universal with our good friend, Comcast.

I call Comcast a friend of Chatham County and Savannah because the company does so much more than provide outstanding cable programming and broadband services, although we appreciate that very much. But in a city of over 275,000 like Savannah, Chatham County, educating our youngest citizens is a top priority. And Comcast has made education its priority, too.

Head Start was conceived as a program to help low-income children get the early intervention they need to succeed at school. Head Start centers provide meals and pre-school education to give thousands of children the leg-up they need. Last year, Comcast not only made a financial contribution to our city's Head Start program, but, as part of Comcast Cares Day, 180 employees, family members and their friends came out to clean up the centers in both Hinesville and Savannah. I was privileged to participate in this event, and it was truly an inspiring experience.

For me and most of Chatham County, Comcast is the real deal. It employs hundreds of workers in our area, provides excellent service and gives back to the community. If Comcast can take those values and apply them to its venture with NBC Universal, I say that's a home run for everyone. I hope you will approve the proposal before you.

Sincerely,

A handwritten signature in black ink that reads "Pete Liakakis". The signature is written in a cursive, flowing style.

Pete Liakakis, Chairman

Chatham County Commission
